

Curriculum intent

Holy Souls RC Primary School is committed to meeting the requirements of the National Curriculum, in as creative a way as possible, whilst also providing a range of additional experiences and opportunities, which best meet the learning, and social needs, of the children in our community.

At Holy Souls we strive to ensure that our children have access to a curriculum:

- Where our Catholic ethos permeates through everyday life
- That promotes effective communication and language skills
- That opens children's eyes to a world beyond their immediate surroundings
- Where knowledge underpins and enables the application of skills
- That is accessible and inclusive for all
- That shapes resilient, independent life-long learners
- That is ambitious, aspirational and yet nurturing
- That is committed to promoting healthy lifestyles and positive mental well-being
- That promotes and respects British Values
- That is challenging and fun, whilst being positive and supportive
- That encourages children to learn about the past, embrace the present and look, with ambition, to the future
- Where spiritual, moral, social and cultural experiences are interwoven in all that we do
- That prepares them for the next stage of their journey
