

The key Geographical knowledge that I will know by the end of this unit will be:

- I will locate Europe on a world map and find out about its features.
- I will identify and locate countries in Europe.
- I will identify European countries according to their features.
- I will identify the major capital cities of Europe.
- I will compare two European capital cities.
- I will find out about the human and physical features of a European country.

I will show that I can work geographically by:

- Geographical fieldwork use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.
- Locate the world's countries, using maps to focus on Europe concentrating on key physical and human characteristics, countries and major cities.
- Understand geographical similarities and differences through human and physical geography of a region in U.K and a region in a European country.
- Identify the names and flags of European countries.
- Understand why capital cities are important.

Geography - *Our European Neighbours*

What have I learnt before and when:

Year 1
Around the World

Year 3
Countries of the world

What I will learn:

Year 4
Our European Neighbours

Which countries
are in Europe?

What is the
difference
between human
and physical
features of a
country?

Vocabulary	Definition
Capital	The city or town that functions as the seat of government.
City	An area which has lots of buildings were lots
