<u>Year 3</u>	<u>Autumn 2</u> <u>Countries of</u> <u>the World.</u>					
<u>Location Knowledge</u> I can name the seven continents of the world independently. I can compare the seven continents by size, number of countries and population. I can name several different countries in each continent. I can name some major capital cities of the world. I know where the North and South Poles are.		<u>Place Knowledge</u> I can compare two different countries and state their similarities and differences.		<u>Human and Physical Geography</u> I know that places have different climate zones depending on where they are located, such as desert, arctic and tropical. I can describe what some of the climate zones of the world are like. I can identify key physical features of the seven continents, including the tallest mountain and the longest river in each. I can describe the differences between human and physical geography. I can use a variety of sources to find out about the physical and human geography of a particular country.		<u>Geographical enquiry skills and fieldwork</u> I can label each of the seven continents on a world map. I can locate countries in a particular continent on a world map. I know that I can use an atlas and the internet to find where countries are located in the world. I can use a climate zone map to identify what a country's climate is like. I can locate major capital cities of the world on a map.
